## Gridgen V15.09 Released

Version 15.09, including:

- support for importing, creating and meshing database solid models
- a new diagnostic for visualizing gaps between database surfaces
- support for FV-UNS Version 3 formatted export
- support for unformatted export to the Cobalt AS/W
- new platform support for AMD Opteron under Windows and Linux, and for SGI Prism
- and many other new features and bug fixes,

is now available for download.

You can read all about the changes in V15.09 in the Release Notes:

<http://www.pointwise.com/library/relnotes.pdf>.

You can download maintenance releases directly from our web site under the Support pages:

<http://www.pointwise.com/downloads>.
